Introduction

About this book:

This unit contains 71 CVC word and picture puzzles to assist children learning to read. The purpose of these puzzles is to encourage children to sound out the letters on each puzzle piece and blend them together to read the whole word.

This unit contains 2 puzzle version: the first is colour-coded and can be used with younger children and the second version has a blank background.

The cards in this unit are arranged in alphabetical order so that they can be used with a “Letter of the Week” curriculum; however, they can be used as an independent activity.

Directions for use:

Print the pages you wish to use, laminate them for durability and then cut along the dashed lines to separate each puzzle piece. Store the puzzles together in zip lock bag, or bundled with an elastic band. Children will have fun arranging the puzzle pieces together to form words, and then reading the words built. A recording sheet has also been included so that children can write the words they have built.

Happy Teaching :)

See it in action:

You can see this unit in action in my preschool blog posts.
