# Introduction

## About this book:

This book contains 15 CVC and CCVC Word Families picture scramble booklets intended for use with children in Kindergarten (Prep) and Grade 1.

## Directions for use:

To assemble the word family picture scramble booklets, print the pages, cut them in half, and then staple on the left hand side. Make sure to leave the picture scramble page (at the end of each word family booklet intact as children will cut the pictures apart when completing the activity.

The aim is for children to cut the pictures along the dotted lines, and then to order them correctly to spell the each of the words from the focus word family. The booklet also contains a writing activity, requiring children to colour the word, trace the word, then write the word twice.

Tip: I recommend that children begin by colouring the pictures in the boxes. They may not be able to make out exactly what the image will be, or which colours to use and how to match them between the boxes, but it will be much harder to colour in after gluing! Of course, if using a glue stick, children can colour the images after they have glued them in the correct order!

Happy Teaching :)
